

ASCAP Music Use Report for Digital Jukebox

<i>Field #</i>	<i>Field Name</i>	<i>Format</i>	<i>Description</i>
1	Name of Licensee	Character(255)	Licensee's Organization name as known by ASCAP
2	ASCAP Account #	Numeric(11)	Licensee's ASCAP Account Number
3	Report Period Date From	Date (MMDDYYYY)	The Start Date of the Reporting Period for the performance data represented
4	Report Period Date To	Date (MMDDYYYY)	The End Date of the Reporting Period for the performance data represented
5	Song ID	AlphaNumeric(30)	The unique Song Identifier used by your Organization
6	Song Title	Character (255)	The known title of the song
7	Artist	Character (255)	The Performing Artist(s) (single name or first name last name) or Band Name. This is to represent the Artist or Band of the actual song performed.
8	Play Count	Numeric(7)	The total number of plays for song in this report period by this Licensee
9	Record Company	Character (255)	Optional – Record Label for Song
10	Writers	Character (255)	Optional – Writers of song as first name last name or single name
11	Publishers	Character (255)	Optional – Publishers of song
12	ISRC	AlphaNumeric(15)	Optional – International Standard Recording Code
13	ASCAP Tcode	Numeric(11)	Optional – ASCAP's unique Work Code (aka Title Code) of the Song. This code may be found by using ASCAP's ACE Search engine on the internet.

File is to be a character-delimited file. The character used as the delimiter is the pipe '|'.

If optional fields are unavailable, denote the field with the value NULL

Performances of the same song for the same Licensee are to be aggregated to calculate the total number of plays for the performance period reported.

For name fields, if the individual is known by a single name (i.e. Madonna) it is suitable to provide a single name otherwise provide name as First Name Last Name of individual.

If multiple names are to be provided separate names with a comma (i.e. Madonna, John Smith), same rule applies for publisher names (i.e. Publisher Name 1, Publisher Name 2).
